

## 2011 Excursion for International Students

We will visit 3 places on this excursion. In the morning, we will visit a factory of “KOMATSU”, which is a world-renowned manufacturer of construction products and machines. KOMATSU staff will make a presentation outlining their company vision including topics such as company activities, products and business actions.

In the afternoon, we will visit the Kyoto Handicraft Center (Amita honten). We will try to make Japanese traditional craft: you can choose to make either a cloisonné accessory or a spinning top. You can take your craft work back home on the day. We will then visit Heian Jingu Shrine.

**Date:** Monday, November 7th, 2011

**Places to visit:** KOMATSU Osaka Plant (Hirakata city, Osaka)

Kyoto Handicraft center (Sakyo-ku, Kyoto) , Heian Jingu Shrine

**Who can apply:** Those who belong to School/Graduate School of Engineering and have a college student visa.

**Where and how to apply:**

Apply at Advisory Division for International Students with a Student ID Card.  
(Office hours 10:00-16:00) We do not accept application forms by e-mail.

**Application:**

Tuesday, October 11 - Monday, October 17, 2011

The list will be closed when the fixed number of applicants is reached.

**Others:**

All the participants will be requested to fill in a questionnaire right after the excursion.

**In case of a cancellation, you must inform to the Advisory Division for International Students by Tuesday, November 1st, 2011. Please note that if you cancel after the deadline, you have to pay a cancellation fee.**
