

2023 Survival Japanese Course

Spring & Summer Session

Offered by the Center for International Affairs,
Education, Student and International Affairs Board,
Graduate School of Engineering

Course Descriptions:

This course is offered for international students who belong to the School of Engineering and Graduate School of Engineering. This course covers very basic Japanese; the aim of the course is to develop survival-level of proficiency in the areas of speaking and listening which enables to carry out everyday activities of life in Japan. We offer three sessions, spring, summer, and fall session, in the 2023 academic year; each session will cover the same contents.

Application Procedure:

To register for this course, please fill out the following application form and submit it to the Center for International Affairs (International Research Complex for Biotechnology 1F, extension # 8972) or send as an e-mail attachment to: contact_cia@fsao.eng.osaka-u.ac.jp

Inquiries:

If you have any questions, please come to the Center for International Affairs or send a message to the following e-mail address: contact_cia@fsao.eng.osaka-u.ac.jp

Note 1:

Those who wish to study Japanese comprehensively or are required Japanese proficiency in order to conduct academic and/or research activities are recommended to take Japanese Language Programs offered by the Center for International Education and Exchange. For information on the programs and the Center for International Education and Exchange, please refer the following URL: <http://www.isc.osaka-u.ac.jp/english/JLP/01.html>

Note 2:

The knowledge of *Hiragana* and *Katakana* is required. Those who have no or little knowledge of *Hiragana* and/or *Katakana* should study them by themselves in advance. Please come to pick up the workbook (free of charge) at the Center for International Affairs.

Note 3:

Students who belong to Faculty/Graduate School other than Engineering are NOT eligible to apply for this course.
