

# 2020 Excursion for International Students

We will visit "Himeji Castle" and "Panasonic Eco Technology Center" this year.

Himeji castle is one of the UNESCO World Heritage Sites and Japanese National Treasures.

"Panasonic Eco Technology Center" is a hands-on recycling-oriented plant run by Panasonic Corporation. They developed a system that simultaneously separates and collects PP, PS, and ABS (types of plastic) at over 99% purity using infrared light. This visit will offer you valuable insight for your research.

**Date:** Thursday, November 19, 2020

**Places to visit:** Himeji castle , Panasonic Eco Technology Center

**Who can apply:** Those who belong to School/Graduate School of Engineering and have a student visa.

※Participants should have Personal Accident Insurance (Gakkensai) coverage by the date of excursion.

※Those who joined the Excursion for International Students held by Center for International Affairs in 2019 will be named in a waiting list first.

**Where and how to apply:**

Apply at Center for International Affairs with a Student ID Card and PAI(Gakkensai) receipt.

(Office hours 10:00-16:00) We do not accept application forms by e-mail.

**Application:** Thursday, October 29 - Thursday, November 5, 2020

The list will be closed when the fixed number of applicants is reached.

**Others:** All the participants will be requested to fill in a questionnaire right after the excursion.

**In case of a cancellation, you must inform the C.I.A. office by Wednesday, November 11, 2020. Please note that if you cancel after the deadline, you have to pay a cancellation fee.**
