

Online Seminar on "Intercultural understanding and communication for international exchange" Intercultural Communication)

By Ms. Alexia Petersen, Aachen University of Technology

Outline of the Lectures

**Appropriate communication with international students, foreign researchers, and engineers in preparation for overseas study and business trips.*

* Would you like to know what makes young engineers successful in today's international environment? These lectures introduce students to those necessary intercultural knowledge and skills that are not commonly taught at university. Ms. Petersen is Canadian and has lived in Aachen, Germany for 30 years. She teaches in the Executive MBA program at RWTH Aachen Technical University, as well as many other universities and companies in Germany and around the world.
